

The Apprenticeship Standards

Discovering whether apprenticeships are the route for you

Name: _____

An apprenticeship standard sets out the skills, knowledge and behaviours required of apprentices. They also show what an apprentice will be doing in their day-to-day job role.

1 Access the '**Apprenticeship Standards**' section of the IfATE website.

instituteforapprenticeships.org/apprenticeship-standards/

2 Search for any job keyword, and then pick a **standard** you fancy the sound of!

Write down what you choose here

3 What **LEVEL** is it? How **LONG** is it?

LEVEL

MONTHS

4 Name up to two **typical job titles** associated with this standard

5 Scan read the **Occupational duties**. Pick one to write out here.

DUTY

6 Find out what '**KSBS**' stand for:

| | |
|----------|----------------------|
| K | <input type="text"/> |
| S | <input type="text"/> |
| B | <input type="text"/> |

7 Pick one '**K**' and one '**S**' that you feel you're currently developing or would like to develop. Write them down.

K

S

8 **BONUS:** Type in your postcode in the '**Find an Apprenticeship**' box on the right. See if you can find out if any of the job titles for this apprenticeship standard are available and where the closest one to you is.
